

BILLINGS, MT

Since 1945

PRODUCT CATALOG

SUPERIOR QUALITY

Our History

Western Builders Supply was organized in 1945 as a buying organization by a group of independent lumber yard owners. Today our customer base is still independently-owned building material dealers.

Our Products

We sell a wide variety of products, but our main focus is specialty construction screws and bits. They are manufactured to our specifications in ISO 9002 quality certified mills and factories. We guarantee you will be satisfied.

The Superior Alternative to the Common Lag Screw

Heat treated & hardened, these screws are stronger & more durable than ordinary lag screws. They have deep cutting threads for quick, easy driving & a sharp notched point for exact, quick starting with less "walking". A built-on round washer head with smooth edges gives a professional finish.

Triple Coating

- 1200-hour corrosion resistance in both ACQ and salt spray conditions
- Outstanding abrasion resistance

Deep, Wide, Sharp Threads

- Provide maximum holding power
- Cut cleanly & easily

No additional washer needed!

	14	15	17
Thread diameter:	.242	.275	.295
Head diameter:	.531	.620	.675
Shank diameter:	.168	.202	.226
Recess size:	T-25	T-30	T-40

- Heat treated & hardened

- Easily removable & reusable!

- Unique design reduces need for pre-drilling

* Due to manufacturing guidelines, weights and bucket counts are approximate.

Black Log #17

Thread diameter: .297
 Head diameter: .570
 Shank diameter: .224

The Superior Alternative to Spikes

These reusable, heat-treated and hardened Black Log & Gray Structural Screws install faster and easier than spikes and have much greater holding power. For use with large timbers, logs and in landscaping applications.

Time Saving Design

- Stops jarring and damage to material
- Installs faster and easier than spikes
- Greater holding power than spikes
- Self-countersinking
- Reusable
- Meets Code Requirements

• Heat-Treated & Hardened

• High Quality Steel

The Superior Alternative to Spikes

- Heat treated & hardened
- 1000 hour coating for corrosive conditions
- Knurled shank to make driving easier
- 5/16" tapered self-countersinking hex head
